Additional Information for July Quarterly Report, Form #3

5) Contributions for which a 48-hour notice was filed, but which were not included on the July Quarterly. Judith Martin contributed \$1,000 on May 31, for which a 48 hour notice was filed via Internet. This contribution was incorrectly reported on the July Quarterly Report as \$500 from Judith Martin and \$500 from her husband, Allen Martin. The July Quarterly Report has been amended to show a \$1,000 contribution from Judith Martin. Allen Martin actually contributed a separate \$1,000 on a later date for which a 48 hour notice was also filed. The 48 hour notice for Daniel Hanlon on June 7, 2005 was filed in error. There was only one contribution from Daniel Hanlon in the amount of \$2,100 and it was received on June 2 and reported on a 48 hour notice on June 3. The committee inadvertently submitted two 48 hour notices for this single contribution. The 48 hour notice reporting a \$2,100 contribution received from Lisa Small is the same as the contribution listed in the July Quarterly Report in the amount of \$21,00 from Monica Small. This individual is known as Lisa Small, however, her check indicated the name Monica L. Small. Lisa Small and Monica L. Small are one and the same person.

6) Form 3Z-1 will be filed with the Amended July Quarterly Report, provided that the FECfile software creates the necessary report. The Committee was unaware of the requirement of the Form 3Z-1 and believed that the FECfile software generated all necessary reports. No request for a Form 3Z-1 was made when the July Quarterly Report was uploaded. I have actually tried to generate a Form 3Z-1 from the FECfile software and received a message that the report would be generated automatically.
